May 6, 1991

Ms. Donna R. Searcy
Secretary
Federal Communications Commission
1919 M Street, N.W.
Washington, D.C. 20554

Dear Ms. Searcy:

Transmitted herewith, in triplicate, on behalf of Peninsula Communications, Inc. is an FCC Form 349 application for a new FM translator on Channel 272 at Seward, Alaska. The application is accompanied by a check in the amount of \$425.00 in payment of the application processing fee.

The Applicant is aware that there is a freeze on the filing of applications proposing new FM translators or major changes in the facilities of existing translators pursuant to Report And Order in MM Docket No. 88-140, 5 FCC Rcd 7212 (1990). This freeze will not presently be lifted until June 1, 1991 pursuant to the Commission's Order, DA 91-455 (released April 22, 1991).

Peninsula hereby respectfully requests a waiver of the Commission's rules and policies to allow for the filing and acceptance of this application in advance of the lifting of the freeze. The application proposes a new FM translator facility to serve Seward, Alaska. Because of the limited construction season in the State of Alaska it is imperative that the Commission begin the processing of the application as soon as possible in order for construction on the station to commence prior to the on-set of Winter.

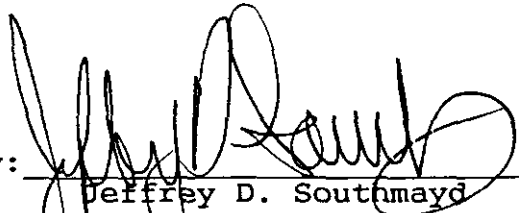

The Commission has long recognized the need for additional broadcast services in the State of Alaska. This need has evolved into a policy of granting liberal waivers of the Commission's broadcast rules, including in the context of applications for new FM translators and major changes in facilities of existing stations. See, Wrangell Radio Group, 75 FCC 2d 404 (1979). This policy has become known as the "Alaska Exception" for FM translator applications.

Letter to Ms. Donna R. Searcy
May 6, 1991
Page 2

Peninsula respectfully requests that its subject application be accepted for filing and processed in advance of the lifting of the FM translator application "freeze" under this policy. The public interest will be served by such a waiver in that it will allow Peninsula to build the requested FM translator at the earliest possible time and expeditiously increase the broadcast services in the State of Alaska. Without a grant of the requested waiver it is doubtful that Peninsula will be able to build the subject FM translator until the Summer of 1992, with a corresponding loss of service to the public in the State of Alaska.

Very truly yours,

Peninsula Communications, Inc.

For amendments to a previously filed application, submit only Section 1 and those portions of the form that contain the amended information.

Section i (Page 2)

3. (a) To the applicant's knowledge, is this application mutually exclusive with a renewal application?

☐ Yes ☒ No

(b) To the applicant's knowledge, is this application mutually exclusive with another application(s)?

☐ Yes ☒ No

If the answer to question 3(a) or 3(b) is Yes, state the following information:

Call letters or File No.	Community of License	
	City	State
(a)		
(b)		

SECTION 11 - ENGINEERING DATA AND ANTENNA AND SITE INFORMATION

*SEE EXHIBIT A-6

1. Facilities requested:

(a)	Output Channel No.	Transmitter Rated Power Output *	Proposed Community(ies) to be served	
	272	100 Watts W	City SEWARD	State AK

(b) Frequency 102.3 MHz

Primary station (station to be rebroadcast)			
Call Sign	City	State	Frequency
KPEN-FM	SOLDOTNA	AK	101.7 MHz

(c) Input Channel Frequency No. See Exhibit A-1 VIA "MICROWAVE/SATELLITE" Input Channel Frequency MHz See Exhibit A-1
If station is to operate via another translator station, indicate call sign and location of final intermediate translator.

Call Sign _____ Location _____

2. Proposed transmitting antenna location:

City	State	County
SEWARD	AK	KENAI PENINSULA BOROUGH
Address or other description of location:		Geographical coordinates of transmitting antenna to nearest second
SEWARD CABLEVISION		
MILE 1.5 SEWARD HIGHWAY		
SEWARD, ALASKA		
		North Latitude
		West Longitude
		60 ° 07 ' 19 " 149 ° 26 ' 15 "

Attach as an Exhibit a map or maps (preferably topographic, if obtainable, such as Geological Survey quadrangles) of the area of the proposed transmitting antenna location shown drawn thereon the following data:

Exhibit No. A-2

- Scale of kilometers
- Proposed transmitting antenna location accurately plotted.

3. Transmitter:	Make TEPCO CORP. QEI CORP. (AMPLIFIER)	Type No. ROBERT JONES J317 675T150A	Output Power P 10 Watts 100 Watts
4. Transmission line:	CABLEWAVE	FCC 12-50J	Rated efficiency E for length given (decimal fraction) 0.91

5. Transmitting antenna ☐ Directional "off-the-shelf" ☒ Directional Composite (Multiple Antennas) (Submit manufacturer's patterns) ☐ Non-Directional

Manufacturer SCALA ELECTRONICS CORP.		Model CA5-150 YAGI'S		Description ¹ (2 ea) 5 element Yagi's
Orientation of main lobe ² 24° & 180°	Overall structure height above ground ³ 11 meters	Elevation of Site ⁴ 25.1 meters	Power gain G (multiplier) in lobe of maximum radiation relative to a halfwave dipole ⁵ 4.7	

Effective radiated power (ERP)
(ERP=P X E X G) 0.428 kilowatts
Height of antenna radiation center above mean sea level 35.3 meters

1 Give basic type using general descriptive terms such as half-wave dipole, "bow-tie" with screen, corner reflector, 10 element Yagi, 4 element in-phase array, two stacked 5 element Yagis, etc.

2 Show the direction of the main radiation lobe in degrees with respect to true north in a 360 degree horizontal azimuth, numbered clockwise, with true north as zero azimuth.

3 Show height to topmost portion of structure in meters, including highest top mounted antenna and beacon if any.

4 Show the ground elevation above mean sea level in meters at the base of the transmitting antenna supporting structure.

5 Give the actual power gain toward the radio horizon.

6. Attach as an Exhibit a vertical plan sketch for the proposed total structure(s), including supporting structure(s), giving height of center of radiation above ground, overall height of structure above ground, including lighting beacon (if any) and height above mean sea level in meters for all significant features for BOTH RECEIVING AND TRANSMITTING ANTENNAS. Also indicate any horizontal separation between receiving and transmitting antennas.

Exhibit No.
A-3

7. Will the proposed antenna supporting structure be shared with an AM radio station?

☐ Yes ☒ No

If yes, list the call signs and class of such stations.

8. Attach as an Exhibit a polar diagram of the radiation pattern (relative field) in the horizontal plane of the transmitting antenna showing clearly the correct relationship between the major lobe or lobes and the minor lobes of radiation and a tabulation of the pattern at every ten degrees and all maxima and minima. Applicants proposing use of multiple transmitting antennas shall submit a composite radiation pattern. If a non-directional transmitting antenna will be employed, i.e., an antenna with an approximately circular radiation pattern, check here and omit polar diagram and tabulation. If the antenna manufacturer and model number are on the Commission's list of common "off-the-shelf" directional antennas, check here and omit polar diagram and tabulation.

Exhibit No.
A-4

9. Are there any terrain features between the proposed transmitting site and the community to be served which would interfere with line-of-sight transmission to any part of the principal community?

☐ Yes ☒ No

If the answer is "Yes", attach as an Exhibit a description of the extent of the area affected.

Exhibit No.
N/A

10. Is the area to be served by the booster within its primary station's predicted 1 mV/m contour?

☐ Yes ☐ No

Submit as an Exhibit a map showing the primary station's predicted 1 mV/m contour. If the primary station is authorized with facilities in excess of those specified by Section 73.211 of the Commission's Rules, see Note to 47 C.F.R. 74.1231(h).

Exhibit No.
N/A

11. For booster station applicants only, attach as an Exhibit a map (Sectional Aeronautical Chart or equivalent) that shows clearly, legibly, and accurately, and with latitude and longitude markings and a scale of distance in kilometers:

Exhibit No.
N/A

- (a) The proposed booster 1 mV/m contour; and
(b) the 1 mV/m contour of the licensed main facility with which the applied-for facility will be used.

12. For booster station applicants only, supply terrain and coverage data (to be calculated in accordance with 47 C.F.R. Section 73.313)

Source of terrain data: (check only one box below)

- ☐ Linearly interpolated 30-second database (Source _____)
☐ 7.5 minute topographic map
☐ Other (briefly summarize)

Radial bearing (degrees True)	*	0	45	90	135	180	225	270	315
Height of radiation center above average elevation of radial from 3 to 16 km (meters)									
Predicted Distances to the 1 mV/m contour (kilometers)									

*Radial through principal community, if not one of the major radials. This radial should NOT be included in calculation of HAAT.

13. Has FAA been notified of proposed construction?

☐ Yes ☒ No

If Yes, give date and office where notice was filed: _____

14. Environmental Statement (See 47 C.F.R. Section 1.1301 et seq.)

Would a Commission grant of this application come within 47 C.F.R. 1.1307, such that it may have a significant environmental impact, including exposure to workers or the general public to harmful nonionizing radiation levels?

☐ Yes ☒ No

If you answer Yes, submit as an Exhibit an Environmental Assessment as required by Section 1.1311.

Exhibit No.
N/A

If no, explain briefly why not. The low power levels from the transmitter due not pose any significant RF hazard. Worse case ANSI guidelines for (2 bays-0.5 KW) indicate a minimum height of 4.1 meters. Proposed antenna will exceed minimum worse case by 10.5 meters. Antenna site is existing Cable TV headend site.

15. Unattended operation:

Is unattended operation proposed?

☒ Yes ☐ No

(a) If Yes, and this application is for authority to construct a new station or to make changes in the facilities of an authorized station which proposes unattended operation for the first time, applicant must comply with the requirements of 47 C.F.R. Section 74.1234 (FM Translators) concerning unattended operation.

☒ Yes ☐ No

(b) In the space below state the name, address and telephone number of a person or persons who may be contacted in an emergency to suspend operation of the translator should such action be deemed necessary by the Commission.

Name	Address (street or other description)	City	State	Telephone No. (include area code)
DAVID F. BECKER	P. O. BOX 103	HOMER	AK	(907) 235-7551

16. Is type approved broadcast equipment being specified?

☒ Yes ☐ No

If No, indicate date equipment was submitted to FCC Laboratory for approval. _____

I certify that I represent the applicant in the capacity indicated below and that I have examined the foregoing statement of technical information and that it is true to the best of my knowledge and belief.

SECTION III - LEGAL QUALIFICATIONS

NOTE: Applicants for new stations only:

1. Applicant is (check one of the following):

☐ Individual

☐ General Partnership

☒ Corporation

☐ Other

☐ Limited Partnership

☐ Unincorporated Association

If the applicant is a legal entity other than an individual, partnership, corporation or unincorporated association, describe in an Exhibit the nature of the applicant.

Exhibit No.
N/A

CITIZENSHIP AND OTHER STATUTORY REQUIREMENTS

2. (a) Is the applicant in compliance with the provisions of Section 310 of the Communications Act of 1934, as amended, relating to interests of aliens and foreign governments?

☒ Yes ☐ No

(b) Will any funds, credit, or other financial assistance for the construction, purchase or operation of the station(s) be provided by aliens, foreign entities, domestic entities controlled by aliens, or their agents?

☐ Yes ☒ No

If Yes, provide particulars as an Exhibit.

Exhibit No.
N/A

3. (a) Has an adverse finding been made, or an adverse final action taken by any court or administrative body as to the applicant or any party to this application in a civil or criminal proceeding brought under the provisions of any law related to the following: any felony; broadcast-related antitrust or unfair competition; criminal fraud or fraud before another governmental unit; or discrimination?

☐ Yes ☒ No

(b) Is there now pending in any court or administrative body any proceeding involving any of the matters referred to in 3(a)?

☐ Yes ☒ No

If the answer to 3(a) or 3(b) is Yes, attach as an Exhibit a full disclosure concerning the persons and matters involved, including an identification of the court or administrative body and the proceeding (by dates and file numbers), a statement of the facts upon which the proceeding was based or the nature of the offense alleged or committed, and a description of the current status or disposition of the matter.

Exhibit No.
N/A

4. Has the applicant or any other party to this application had any interest in:

(a) a broadcast application which has been dismissed with prejudice by the Commission?

☐ Yes ☒ No

(b) a broadcast application which has been denied by the Commission?

☐ Yes ☒ No

(c) a broadcast station, the license for which has been revoked?

☐ Yes ☒ No

(d) a broadcast application in any Commission proceeding which left unresolved character issues against the applicant?

☐ Yes ☒ No

If the answer to any of the questions in 4 is Yes, state in an Exhibit the following:

Exhibit No.
N/A

(i) Name of party having interest;

(ii) Nature of interest or connection, giving dates;

(iii) Call letters of stations or file number of application or docket number;

(iv) Location.

REAL PARTY IN INTEREST

5. The applicant certifies that no agreement, either explicit or implicit, has been entered into for the purposes of transferring or assigning to another party any station construction permit or license or interest therein that is awarded as a result of a random selection or lottery.

☒ Yes ☐ No

If No, this application cannot be accepted for filing. See 47 C.F.R. Section 74.1232.

SECTION IV - CERTIFICATIONS

1. The applicant certifies that sufficient net liquid assets are on hand or are available from committed sources to construct and operate the requested facilities for three months without revenue. ☒ Yes ☐ No
2. The applicant certifies that: (a) it has a reasonable assurance of a present firm intention for each agreement to furnish capital or purchase capital stock by parties to this application, each loan by banks, financial institutions or others and each purchase of equipment on credit; (b) it can and will meet all contractual requirements as to the collateral, guarantees, and capital investment; (c) it has determined that a reasonable assurance exists that all such (excluding banks, financial institutions and equipment manufacturers) have sufficient net liquid assets to meet these commitments. ☒ Yes ☐ No

Note: If this application is for a change in an operating facility, you DO NOT need to respond to Questions 1 and 2.

3. The applicant, if for a new FM translator station, certifies that it has not received any funds, legal or engineering services or anything else of value, directly or indirectly from the licensee or permittee of any FM broadcast station or any person associated with such station. See 47 C.F.R. Section 74.1232. ☒ Yes ☐ No

Exhibit No.
A-5

If Yes, attach as an Exhibit an explanation identifying the source and nature of the financial support or assistance.

4. For applicants proposing translator rebroadcasts who are not the licensee of the primary station, the applicant certifies that written authority has been obtained from the licensee of the station whose programs are to be retransmitted. ☐ Yes ☐ No

Primary station proposed to be rebroadcast:

Call Sign	City	State	Channel No.
KPEN-FM	SOLDOTNA	ALASKA	269

5. The applicant certifies that it has contacted an authorized spokesperson for the owner of the rights to the proposed transmitter site, and has obtained reasonable assurance that the site will be available for its use if this application is granted. ☒ Yes ☐ No

That person can be contacted at the following address and telephone number:

Name	Mary Hart - Seward Cablevision			Mailing Address or Identification
				P. O. Box 929
City	Seward	State	AK	ZIP Code
				99664
				Telephone No. (include area code)
				(907) 224-8928

6. For new station and major change applications only, the applicant certifies that it has or will comply with the public notice requirements of 47 C.F.R. Section 73.3580. ☒ Yes ☐ No

THE ORIGINAL OF THIS APPLICATION FORM MUST BE SIGNED BY THE APPLICANT. THE REQUIRED COPIES CAN BE CONFORMED. SEE 47 C.F.R. SECTION 73.3513.

The APPLICANT hereby waives any claim to the use of any particular frequency as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended.)

The APPLICANT acknowledges that all statements made in this application and attached exhibits are considered material representations, and that all exhibits are a material part hereof and incorporated herein.

The APPLICANT represents that this application is not filed for the purpose of impeding, obstructing, or delaying determination on any other application with which it may be in conflict.

In accordance with 47 C.F.R. Section 1.65, the APPLICANT has a continuing obligation to advise the Commission, through amendments, of any substantial and significant changes in information furnished.

WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND IMPRISONMENT.
U.S. CODE, TITLE 18, SECTION 1001.

I certify that the statements in this application are true, complete and correct to the best of my knowledge and belief, and are made in good faith.

Name of Applicant	Signature
PENINSULA COMMUNICATIONS, INC.	David F Becker
Title	Date
DAVID F. BECKER - PRESIDENT	APRIL 8, 1991

April 8, 1991

EXHIBIT A-1

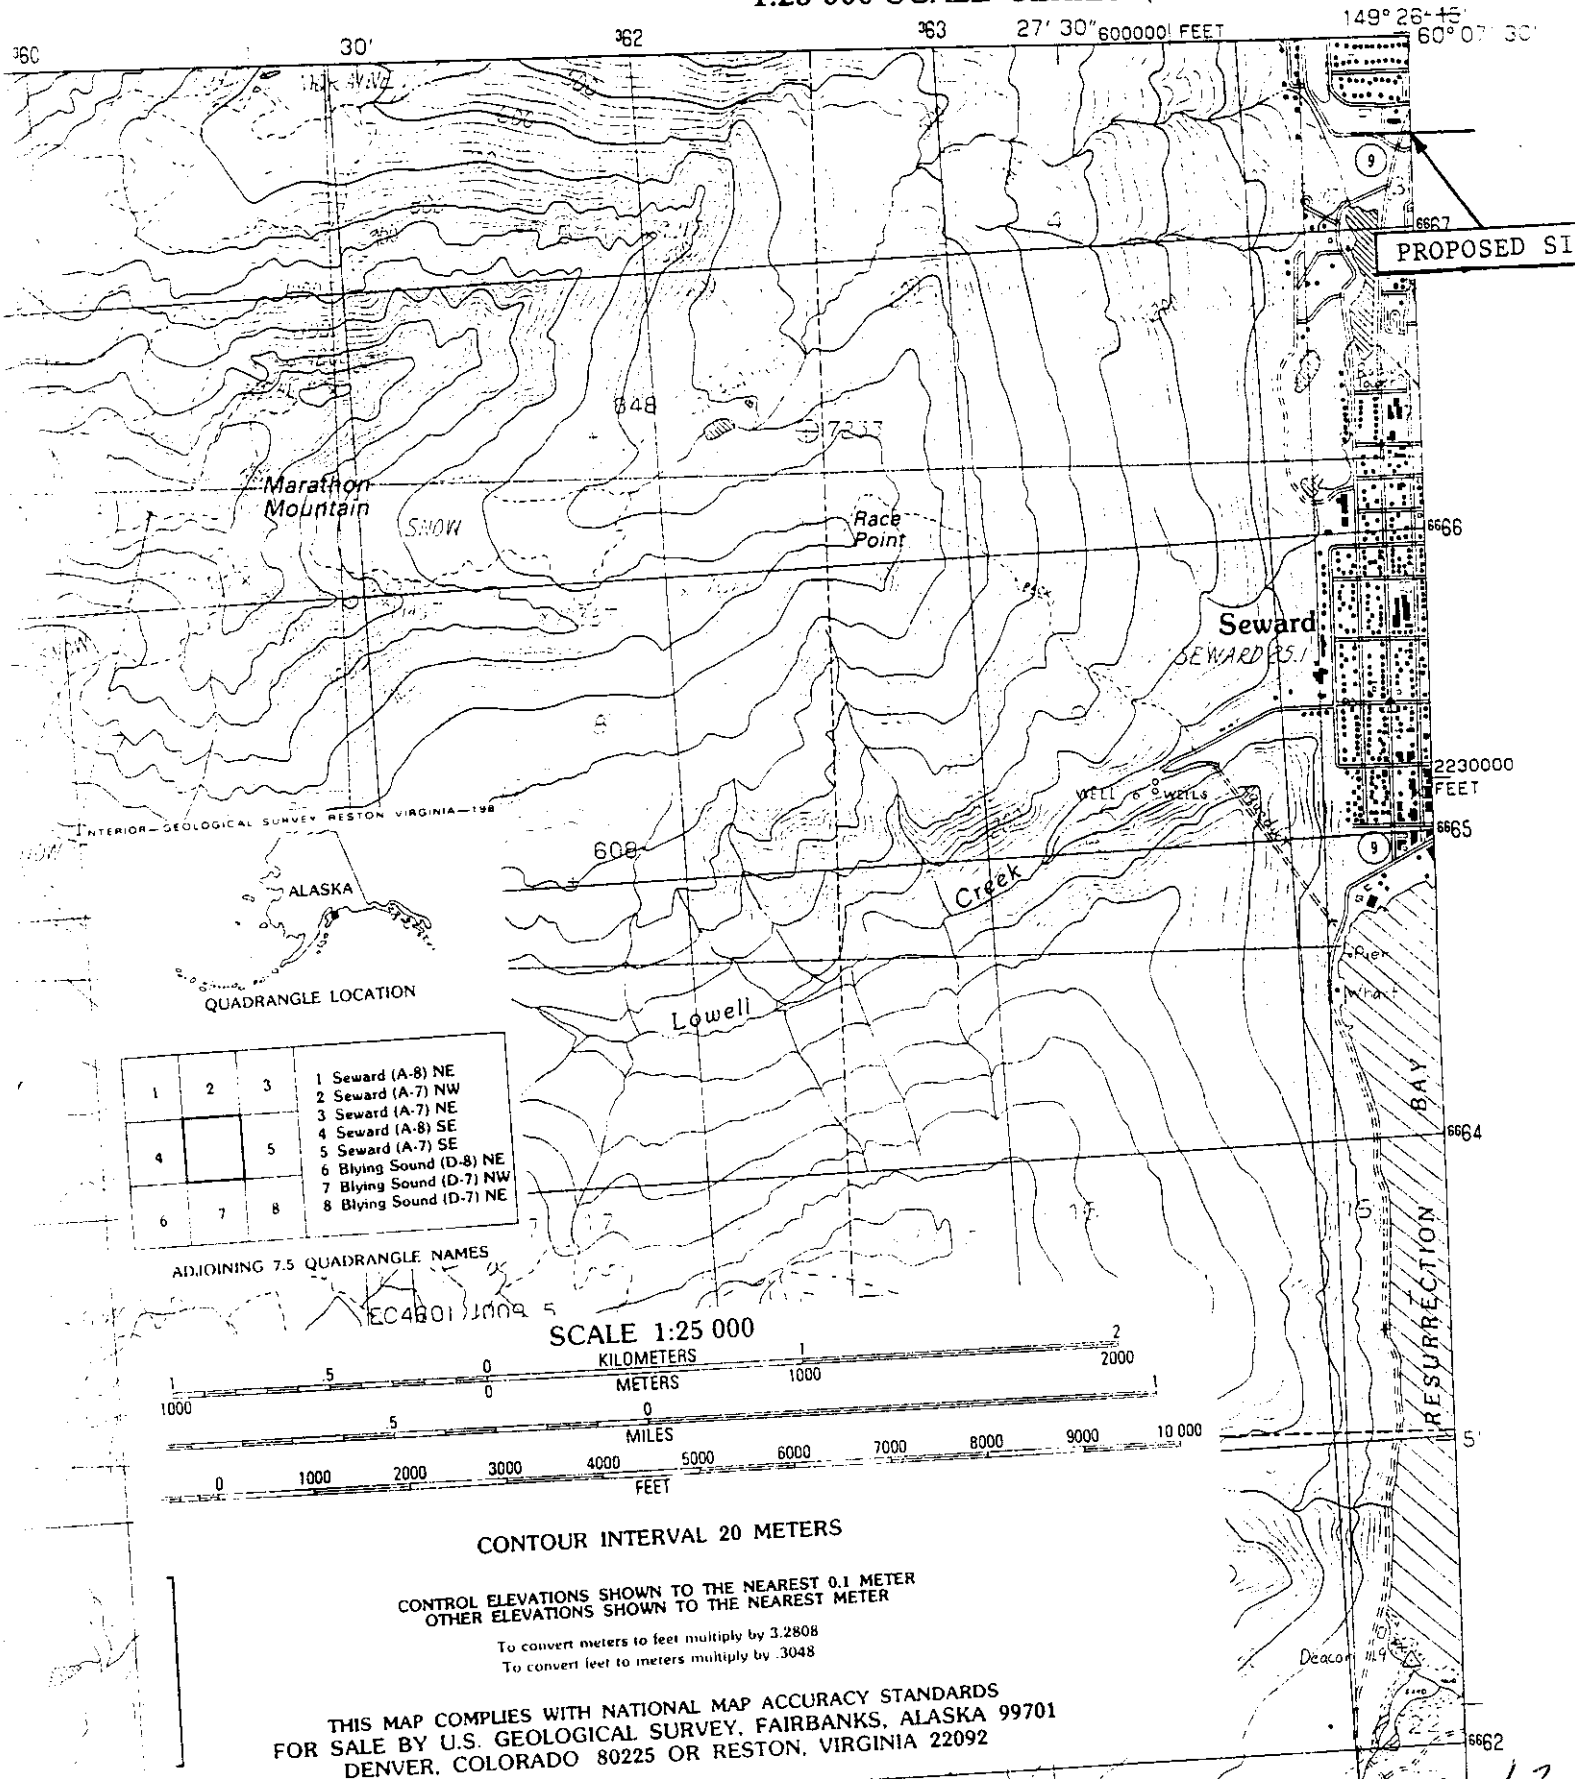

PENINSULA COMMUNICATIONS, INC. (PCI) proposes to bring the the first commercial FM service to Seward, Alaska via the proposed FM translator stations to rebroadcast FM stations KWVW-FM, Homer and KPEN-FM, Soldotna, Alaska. PCI is the licensee of both KWVW-FM and KPEN-FM. Although there has been an FM channel allocated to Seward for a number of years, and a Construction Permit was issued about 6 years ago, a local FM station has never been built. Therefore, PCI believes a grant of these applications will bring a much needed, important new service to the 3,921 residents of Seward. Seward is a somewhat isolated area for radio due to the very mountainous terrain. There is no reception of any FM stations from Anchorage, Kenai, Soldotna or Homer at this time.

PCI proposes to feed the input signal to the FM translator stations via the ALASCOM Aurora II C-Band satellite or via the State of Alaska microwave system. This is because off-the-air FM reception is impossible due to the terrain obstructions. At this time it is not possible to specify which delivery system will be used, as the cost factors may be subject to change prior to actual installation. PCI will determine which system will be the most cost-effective delivery after grant of this application and prior to construction of the proposed stations. Therefore, PCI will specify either "Microwave/Satellite" for the input channel.
